

EDGETEC® POSIGLAZE® FRAMELESS GLASS BALUSTRADE

NEW TO THE HOMEPLUS BALUSTRADE RANGE

The Edgetec® PosiGlaze® is a revolutionary frameless glass balustrade and pool fencing system with unmatched performance. Designed for a wide range of applications, PosiGlaze® offers exceptional aesthetic appeal as well as alignment flexibility during and after installation.

Supporting glass from 12mm Toughened up to 21.5mm SentryGlas™, with patented screw-clamp technology, elevates your projects with the ultimate in adjustability, strength and elegance. Transform your space with the pinnacle of frameless glass balustrade systems.

+ FAST AND EASY TO INSTALL & ADJUST

With patented screw-clamp technology, PosiGlaze® is one of the easiest systems to install and adjust to perfect alignment.

+ TOP ADJUST FOR HIDDEN INSTALLATIONS

The PosiGlaze® screw-clamp system is adjusted from the top, making it the perfect system for hidden installations.

+ FACE OR TOP FIXED, & POWDER COATED TO A WIDE RANGE OF COLOURS

Along with easy installation, PosiGlaze® is an incredibly versatile system that can become a feature of the architectural design, or be hidden into the design. All HomePlus products can be powder coated to a wide range of colours.

+ USES A WIDE RANGE OF GLASS TYPES

PosiGlaze® is a highly versatile product that can be used with glass thicknesses ranging from 12mm - 21.5mm, using either toughened glass, toughened laminate glass or SentryGlas™. Use of Interlinking handrails are required for 12 & 15mm Toughened Glass balustrade installations (Excluding pool fences).

+ SUITABLE FOR USE ON UNEVEN SURFACES

The PosiGlaze® system is installed using 3m sections and benefits from two-sided screw-clamp technology that provides a 2° adjustment angle on either side of the glass, enabling perfect installation of the channel and alignment of each glass panel.

+ LIGHTWEIGHT & STRONG

Precision-engineered Aluminium for an incredibly good strength to weight ratio.

FRAMELESS GLASS BALUSTRADE SYSTEMS

The Edgetec® PosiGlaze® Frameless Glass Balustrade and Pool fencing system is a top or face fixed channel system for frameless glass balustrades.

PosiGlaze® is a sleek channel system that can hold any 100mpa glass up to 21.5mm for installations where any uninterrupted view is of paramount importance. The system is also fast and easy to install against uneven surfaces.

+ SIMPLICITY IS BEAUTY

PosiGlaze® is a system designed to be both visually minimalist and functionally simple.

The system consists of patented screw-clamp technology that can be adjusted with a spanner. Glass panels can be slotted into place before alignment and this makes for easy adjustment with a perfect finish for the most discerning of customers.

+ PRECISION ENGINEERING

PosiGlaze® is a meticulously designed system with components that fit together seamlessly. The engineered channel is designed to be incredibly strong and lightweight for a superior performing balustrade system that will stand the test of time.

THE patented screw-clamp system and easy to assemble components of PosiGlaze® make it one of the easiest to install balustrades on the market, even in challenging and unique situations.
