

HOMEPLUS CLOSETPRO™

WARDROBE SYSTEMS

CLOSETPRO WARDROBE STANDARD CONFIGURATIONS

The HomePlus Closetpro Wardrobe Storage Systems are designed and manufactured in New Zealand to meet your individual requirements. The system combines anodised aluminium components and melamine cabinetry to make a range of storage configurations for your home including organising garages, laundries and linen storage.

Each unit is available as standard or custom made and installed in your home by trained professionals.

White

Custom colours are available to order. Standard shelving is 300mm or 600mm wide and standard board thickness is 16mm for white and 18mm for other colours. 2mm PVC Edging is standard and strong metal drawer sides and thick drawer bottoms add up to quality that lasts a lifetime. Wall-mounted or free-standing options available.

Available from:

WALL-MOUNTED WARDROBE - 2 BAY

Options from 1200mm wide to 2100mm wide. Custom sized long hang and double hang. Shelves are either 300mm or 600mm wide. Drawers are an optional extra. One bay options also available.

WALL-MOUNTED WARDROBE - 3 BAY

Options from 1200mm to 2400mm wide. Drawers are an optional extra.

WALL-MOUNTED WARDROBE - 5 BAY

Options from 2400mm to 3300mm wide. Custom sized long hang and double hang. 300mm or 600mm wide shelving. Drawers are an optional extra.
